# REGULATIONS, ETC.,

OF THE

## LAW DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

---

There are three members of the Law Faculty. Hon. George Sharswood, Dean of the Faculty, Professor of the Institutes of Law, including Inter Alia, International, Constitutional, Commercial, and Civil Law.

Peter McCall, Esq., Professor of Practice, Pleading, and Evidence at Law and in Equity.

E. Spencer Miller, Esq., Professor of Real Estate, Conveyancing, and Equity Jurisprudence.

The course consists of two years. There are two terms in each year. The first term begins on the first of October, and continues four months; the second, on the first of February, and continues four months. From the first day of June to the first of October is vacation.

Students who have attended four terms with each Professor may, upon the recommendation of the Faculty, proceed Bachelors of Law.

Students who have attended any one or two of the Professors only, may receive from each Professor certificates of proficiency.

The fee to each Professor is ten dollars for each term of four months. No matriculation fee is required.

In all cases where a student of law is desirous to attend a course, and can bring a certificate from the member of the bar with whom he is studying, that he is, for any reason which may be stated, a proper object for such indulgence, he will be allowed to attend the lectures without charge.

Each Professor has the control and regulation of his own course

of instruction. All of them, however, combine examinations and most courts with their lectures, so as to make the system as complete as possible.

The Supreme Court of Pennsylvania has, within a few months past, adopted the following general rule, giving a practical advantage to those who obtain a degree from this department:—

“Any person who has been duly graduated as Bachelor of Laws by any College or University of this Commonwealth, duly incorporated and authorized by law so to graduate, and who has received a diploma, or proper certificate of such graduation, and who has also been admitted to practice as an attorney by any Court of Common Pleas or District Court of this Commonwealth, shall be forthwith admitted to practice as an attorney of this court.”

## OF THE

### REGULATIONS OF THE UNIVERSITY.

---

#### DEPARTMENT OF ARTS.

---

THE college year is divided into three terms, the *first* beginning on the 8th of September, and ending on the 24th of December; the *second* beginning on the 2d of January, and ending on the 31st of March; and the *third* beginning on the 8th of April, and ending (for the present year) on the 1st of July (Commencement day). The vacations are eight days at the close of the first term, seven days at the close of the second term, and about nine weeks at the close of the third term.

The students are either regularly matriculated students, who pursue the full course for the degree of Bachelor of Arts, or students not regularly matriculated, who pursue the course assigned for the degree of Bachelor of Science, or any such partial course as the Faculty may sanction, for which a certificate of proficiency may be given at the close of each session.

The regular students are distributed into four classes, viz.: the Senior, the Junior, the Sophomore, and the Freshman Classes.

To be admitted into the Freshman Class, a student must be at least fourteen years of age, and qualified for examination on the following subjects and authors:—

Cæsar (First three Books of the Gallie War). Ovid (Excerpta). Virgil (First six Books of the Æneid). Cicero (Four Orations against Catiline). Horace (First Book of the Odes). Xenophon (Anabasis). Homer (First three Books of the Iliad).

Quantity and scanning in each language.

Greek and Latin Exercises.

Ancient and Modern Geography.

English Grammar.

Arithmetic. Elementary Rules of Algebra, including Simple Equations. It is desirable that such students as design to pursue the scientific course, should also have studied the first three books of Legendre's Geometry.

No student is admitted to advanced standing without being as fully instructed as the class to which admission is asked, in all the studies which the class has pursued.

## COURSE OF INSTRUCTION

FOR THE

DEGREE OF BACHELOR OF SCIENCE.

---

THE degree of BACHELOR OF SCIENCE is given to such students as have attended all the courses in the Department of Mathematics, and in that of Natural Philosophy and Chemistry, and one course in Natural Theology, and the Evidences of Christianity, with two courses in Modern Languages, or two courses in Moral and Natural Philosophy, or two courses in Physiology and Natural History.

---

THROUGHOUT the regular course, Greek and Latin Composition: Lectures on Greek and Roman Antiquities and Literature.

On each day of the week, except Saturday, there are three recitations of one hour each for every class. On Saturday each class recites once.

The character of each recitation is recorded, and the results communicated to parents or guardians at the end of each term.

At the end of each term, public examinations (written and oral) of the classes are held by the Faculty, and the students who are distinguished are classed in order of merit.

The fees for instruction in the full course of the Department of Arts are \$25 per term, payable in advance. Scientific and other students, who recite with one or more classes are charged for each branch one-third of the fee charged to regular undergraduates. In the Department of Modern Languages, the fee of each Professor is \$10.

Two Literary Societies, consisting of students and alumni of the Institution, are sanctioned by the Board of Trustees, and meet in the University, being under the general control and supervision of the Faculty.

Students not from the city of Philadelphia will, if it be requested by their parents, have one of the Faculty appointed as a guardian, who will take charge of the disbursements, and attend to the comfort and well-doing, of the individual.

The degree of Master of Arts may be conferred on the alumni of the University, bachelors in the arts of three years' standing, who apply for it. Such students as have received the degree of Bachelor of Science (of three years' standing) are entitled to the degree of Master of Science, on presenting to the Faculty a Thesis, which shall give satisfactory evidence that the author has continued to devote himself with success to science.

A public Commencement for conferring degrees, is held on the 3d of July, unless that day fall on Saturday or Sunday, when the Commencement is held on the Friday before.

# REGULATIONS

OF THE

## MEDICAL DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

---

THE Medical Department is under the immediate government of the Medical Professors, who constitute the Faculty of Medicine, subject to the Rules and Statutes of the Board of Trustees. The Faculty consists of

- A Professor of the THEORY AND PRACTICE OF MEDICINE and of CLINICAL MEDICINE,
- A Professor of ANATOMY,
- A Professor of MATERIA MEDICA AND PHARMACY,
- A Professor of CHEMISTRY,
- A Professor of SURGERY,
- A Professor of OBSTETRICS, and the DISEASES OF WOMEN AND CHILDREN, and
- A Professor of the INSTITUTES OF MEDICINE.

The Medical Faculty hold meetings for the purpose of arranging and conducting the business of their department, and for the preservation of order and decorum among the medical students.

One of the members acts as Dean, whose duty is to keep the Minutes of the Faculty, to arrange the examinations of the candidates for graduation, to conduct the business of the Faculty at their meetings, and to attend to correspondence.

The following are the Rules in force in relation to the Degree of Doctor of Medicine :—

I. The candidate must have attained the age of twenty-one years, have applied himself to the study of medicine for three years, and been, during that time, the private pupil, for two years, of a respectable physician.

II. The candidate must also have attended two complete courses of the following Lectures in this Institution :—

Theory and Practice of Medicine,  
Anatomy,  
Materia Medica and Pharmacy,  
Chemistry,  
Surgery,  
Obstetrics, and the Diseases of Women and Children,  
Institutes of Medicine.

III. Medical students who have attended one complete course in a respectable Medical School, where the attendance on two complete courses is necessary to a degree, where the same branches are taught as in this, and which is placed upon the *ad Eundem* of this school, are permitted to become candidates by an attendance here for one full course ; the rules of graduation being in other respects observed. They are also exempted from the payment of fees upon attending here a second term.

IV. The candidate must also have attended one course of clinical instruction in the Pennsylvania Hospital, or in some other institution approved of by the Faculty of Medicine.

V. When a candidate applies to the Dean for admission, he must exhibit his tickets to prove that the above Rules have been complied with.

VI. The candidate, at the time of his application, must deliver to the Dean of the Medical Faculty a Thesis, composed by himself, on some medical subject. This thesis is referred to one of the professors, who shall examine the candidate upon it, and make his report thereon to the Medical Faculty.

VII. When a candidate is rejected, his essay will be retained by the Medical Faculty.

VIII. The essay must be in the candidate's own handwriting, and must be written uniformly on letter-paper of the same size, the alternate pages being left blank.\*

---

\* The essay should be written upon thesis paper, which can be procured at the medical bookstores. This is for the purpose of convenient binding together into volumes. The title-page should represent the subject of the essay, the name in full of the candidate, his permanent residence, his address in the city, the date of his birth, the commencement and duration of his studies, and under whom his private pupilage was passed.

IX. General bad spelling in a thesis, or general inattention to the rules of grammar, will preclude a candidate from examination for a degree.

X. If a thesis be found remarkable for any good quality, the fact is to be reported by the professor having charge of the thesis to the Faculty, at their meeting, who may take upon it such action as they may deem advisable. A thesis may be published by the candidate if he desire it, the permission of the professor by whom he was examined thereon being first obtained; but no alteration shall be afterwards made in such thesis without the consent of the said professor.

XI. The voting on the case of each candidate is by private ballot.

XII. On the announcement of his success the candidate will pay the fees of graduation. A certificate of his having passed will then be issued, upon which he will at once enter his own name, residence at home, and title of essay upon the Register of Graduates, for the purpose of his being reported to the Board of Trustees and included in the mandamus for a degree. No diploma will be made out, or passed candidate reported to the Board of Trustees, except from an entry upon the Register.

XIII. Candidates who have passed their examination, and in other respects complied with the regulations, are to be reported by the Dean to the Provost, who will communicate such report to the Board of Trustees, in order that their mandamus be issued for conferring the degree.

XIV. The degree will not be conferred upon a candidate who absents himself from the public Commencement, except by special permission of the Medical Faculty.

XV. Graduates of Medical Schools, on the *ad Eundem* list, by attending, on a full set of tickets, one complete course in this Institution, are put upon the same footing with students who have attended two complete courses here; that is, they may present themselves as candidates for graduation—also if they attend a second time, the tickets will be free. Such graduates, if of five years' standing, are permitted to attend the course of Lectures, upon a general ticket of admission, free of expense, except the cost of the matriculating ticket. But this general ticket does not qualify for graduation.

## RULES OF EXAMINATION FOR THE DEGREE OF DOCTOR OF MEDICINE.

1. The names and essays of the candidates are to be presented to the Dean on or before the first day of February in each year. The candidates are then to be divided, either by their own arrangement or by that of the Dean, into classes, the number of persons in each to be fixed by the Dean.

2. These classes will be designated numerically, and then formed into groups, there being seven classes in each group.

3. No person's name will be received on a class unless his essay be in possession of the Dean; nor is his name to be attached to a class by any other than the Dean, unless he shall have signified his desire to that effect.

4. The classes are to call at the houses of the several Professors, or at some other place designated by the latter; and when in attendance, each of the individuals composing a class is to be examined separately, and in the order of his name on the list of his class.

5. Each Professor is to keep a list of those examined by him, and opposite to the name of each candidate is to note the result of his examination, with the view to vote in the affirmative or negative, as to his qualifications for the Degree.

6. As the examination of each group of classes shall be completed, the Faculty will meet; the names of the candidates examined are to be read by the Dean; and as each name is called the Professors are to consult their memoranda, and, if no remarks be made, are to proceed to vote by ballot. Without three negative votes, the candidate is to be considered as having passed, and is to be entitled to his degree. Should three negative votes be cast, the candidate is suspended, but with the privilege of another examination before the whole Faculty in joint session. Upon this second examination three negative votes reject for that season of examination, but the candidate may present himself in a subsequent season.

7. A candidate unsuccessful in the first ballot, upon declining an examination before the Faculty in joint session, has the privilege of withdrawing his Thesis, without being considered as rejected.

8. If, upon the name of a candidate being called out, one or more of the Faculty have remarks to make in relation to his qualifications, they are to be heard before the vote is taken.

9. The candidates in classes thus disposed of, the Faculty will then proceed with those who may prefer an examination before the Faculty in joint session; and afterwards with those who, having received three negative votes, may still choose to avail themselves of the opportunity of the second examination offered by the Faculty.

## OF

### CHEMISTRY APPLIED TO THE ARTS.

---

THE course of instruction pursued in this Department is the same as that of the Experimental Laboratories, now generally attached to European Universities. The regular term commences early in September, and closes the last of June, but students may be admitted at any time before the last of March. The number of students is limited to ten, and the Laboratory is open for their accommodation every day from 9 A.M., to 6 P.M.

Each student is supplied with the requisite apparatus and chemicals to pursue his own experimental investigations, under the direction of the Professor with competent assistance, and the course of experiment is varied according to the special object in view. Familiar lectures are given by the Professor, to students exclusively, upon the following subjects: Mineralogy, Geology, Theoretic and Applied Chemistry.
